

. Directorate General Resettlement (DGR), in coordination with the **Ministry of Labour & Employment (MoLE)**, has been pursuing greater access to employment opportunities for Ex-Servicemen through the **National Career Service (NCS) Portal**. As a result of this engagement, the existing NCS platform now provides a dedicated “**Jobs for Ex-Servicemen**” tab under the **Jobseeker** section, making it easier for Ex-Servicemen to identify and access employment opportunities relevant to them.

2. **Key Benefits**

2.1 Access to employment opportunities specifically relevant to Ex-Servicemen.

2.2 Registered ESM can also participate in online job fairs conducted periodically through NCS portal by the Ministry of Labour & Employment.

3. **Request for Wide Dissemination**

3.1 All veteran organisations/agencies are requested to **widely disseminate this information amongst the ESM community** through their respective communication channels, including Whatsapp groups, social media platforms, websites, newsletters and other appropriate forums.

3.2 ESM may be encouraged to **register on the National Career Service Portal** at <https://www.ncs.gov.in> and make full use of the dedicated “**Jobs for Ex-Servicemen**” facility, as well as the online job fairs conducted periodically by MoLE through the portal.

4. DGR would appreciate the support of all veteran organisations in ensuring that this facility reaches the maximum number of Ex-Servicemen and is effectively utilised. This is an important additional channel for **connecting ESM with civilian employment opportunities and supporting their transition to meaningful post-service careers**.
